PROFESSIONAL SUMMARY

Software Developer specializing in backend and full stack web development, with professional experience building and maintaining web APIs, web applications, and database-driven systems using C# and .NET. Experienced in developing REST APIs, implementing backend functionality, working with relational databases, SQL queries, and stored procedures.

Professional experience with C#, .NET, .NET Framework, ASP.NET, .NET 8, SQL Server, MySQL, PostgreSQL, and MariaDB. Additional experience with Next.js, React, TypeScript, JavaScript, Tailwind CSS, React Native and Blazor for full stack and mobile application development.

Currently pursuing a Bachelor's degree in Computer Science, with additional experience in Python and AI-assisted software development. Holds a Bachelor's degree in Philosophy.

TECHNICAL SKILLS

Backend: C#, .NET, .NET 8, .NET Framework, ASP.NET, REST APIs, Web API, Backend Development

Databases: Microsoft SQL Server, MySQL, PostgreSQL, MariaDB, SQL, SQL Queries, Stored Procedures

Frontend: Next.js, React, TypeScript, JavaScript, HTML, CSS, Tailwind CSS

Mobile: React Native

Programming Languages: C#, Python, TypeScript, JavaScript

Tools: Git, GitHub, AI-Assisted Development

PROFESSIONAL EXPERIENCE

PRION SOFTWARE

Junior Full Stack Web Developer

Niterói, Rio de Janeiro, Brazil | Feb 2025 – Present

- Develop and maintain web applications and software products using C#, .NET 8, Next.js, TypeScript, React, and Tailwind CSS.
- Develop backend functionality and web services using C# and .NET 8.
- Contribute to the development and maintenance of backend applications and API integrations.
- Work with relational databases, SQL queries, and stored procedures as part of application development and maintenance.
- Develop responsive web interfaces using Next.js, React, TypeScript, and Tailwind CSS.
- Integrate frontend applications with backend services and APIs.
- Contribute across backend, frontend, and database layers in full stack web development projects.
- Develop mobile application functionality using React Native.
- Use AI-assisted development tools, including Claude, to support software development, implementation, debugging, and productivity.

TASKEN

Backend Developer Intern

Remote | Sep 2023 – Feb 2025

- Developed and maintained three web APIs using C# and .NET.

- Worked on backend applications across different versions of the .NET Framework.
- Implemented and maintained backend functionality for web applications and API-based systems.
- Worked extensively with Microsoft SQL Server, SQL queries, and stored procedures.
- Developed and maintained database-related solutions supporting backend applications.
- Contributed to software maintenance, debugging, troubleshooting, and issue resolution.
- Worked with Razor Pages, HTML, and CSS in web application development.
- Developed and maintained internal desktop applications using Windows Forms.

PROJECTS

ONEBRIDGE PLATFORM

Full Stack Web Development

Associated with Prion Software | Jun 2026 – Present

Full stack web platform developed for Onebridge, an international corporate structuring company.

- Contribute to full stack web application development using Next.js, TypeScript, and Tailwind CSS.
- Work across frontend and backend development as part of the software development team.
- Use AI-assisted development tools as part of the development workflow.

Technologies: Next.js, TypeScript, Tailwind CSS, Full Stack Development, AI-Assisted Development

SAIDEIRA

Web and Mobile Application

Associated with Prion Software | Feb 2026 – May 2026

Web platform and mobile application focused on deals from local breweries and bars in the mountain region of Rio de Janeiro, including Nova Friburgo.

- Contributed to the development of the web platform using Next.js and Tailwind CSS.
- Contributed to backend development using .NET.
- Contributed to mobile application development using React Native.
- Worked across web, mobile, and backend components of the application.

Technologies: Next.js, Tailwind CSS, .NET, React Native

MAGIPASS

Web and Mobile Application

Associated with Prion Software | Mar 2025 – Jan 2026

Web platform and mobile application focused on providing discounts on restaurants, attractions, and local experiences for travelers visiting Orlando.

- Contributed to the development and maintenance of the web platform using Next.js, React, TypeScript, and Tailwind CSS.
- Contributed to backend development using C# and .NET.
- Contributed to mobile application development using React Native.
- Developed and maintained SQL queries and stored procedures.
- Worked on API development and integration between frontend, backend, and mobile applications.

Technologies: Next.js, React, TypeScript, Tailwind CSS, C#, .NET, React Native, SQL

EDUCATION

ESTÁCIO

Bachelor of Science in Computer Science

Jul 2022 – Dec 2026

Activities: Python Study Group — Founder

Founded and participated in a Python study group focused on collaborative programming, Python development, and software development studies.

UNIVERSIDADE FEDERAL FLUMINENSE (UFF)

Bachelor's Degree in Philosophy

2015 – 2020

Activities: Homeric Study Group

LANGUAGES

Portuguese: Native

English: Fluent (C1)
